

Cornwall Conservation Commission
Information Meeting
Wednesday, April 27, 2016
7:00-8:15 pm, Cornwall Town Hall

The CC and reps from other town groups are invited to meet with Jens Hilke to hear more about Community Values Mapping (CVM) and how it can benefit a town. Jens, a conservation biologist with the VT Department of Fish and Wildlife, is offering to help organize such a project in Cornwall. He has led CVM projects in several VT towns.
