

Agenda for December 29, 2014

(Hillcrest 103 "The Orchard", 11:00-12:30 pm)

-Designation of Recording Secretary

-Discussion of the Land Use and Water Quality Assessment Report with Amy Sheldon

-Inventory: update on the completion of fieldwork and Brett's projected timeline for spring

-Discussion of the CC's work after completion of the Inventory. (Adapted from the Nature and Environment Goals and implementation sections of the 2013 Town Plan)

1) assist the Planning Commission in the creation of "Special Features Overlay Map" to guide development decisions in projects that could otherwise fragment contiguous forest blocks and other significant wildlife corridors.

2) participate, as needed, in any review and updating of zoning regulations related to the maintenance or preservation of Cornwall's natural features.

3) develop a long-range work plan that will guide the CC's efforts in promoting education and preservation of the town's important resources.

4) work with David Anderson and the Planning Commission in the creation of a Conservation Fund to support the Commission's continuing efforts related to education and preservation.

-Joint meeting with Salisbury CC to discuss River Watch sampling results and the conservation activities of the two commissions in their towns (Cornwall Town Hall, Sunday, January 18th at 3:00 pm). Volunteers to bring munchies needed!

-Welcome to Mark Cesario who will attend the meeting. Mark is considering joining the CC.
