The Cornwall Planning Commission will hold a public information meeting at 7:00 P.M., Wednesday, October 27 via Zoom and at the Cornwall Town Hall. Its purpose is to present and discuss the proposed draft amendment to the Town Plan focused on Flood Resilience for Cornwall. Vermont State Statute 24 VSA Chapter 117 § 4302 and § 4382 encourages and requires municipalities to include a Flood Resilience Plan in municipal development plans adopted after July 1, 2014. The intent of this project is to make Cornwall a more resilient community and to consider how to reduce potential impacts by flooding and storm-related erosion on future development in Cornwall.

The complete text of the proposed draft amendment is available at the Town Clerk's office and on the Cornwall website, www.cornwallvt.com
