

List of Cornwall VT ARPA Funding Requests as of 1/11/2023

The list below sets forth both the commitments that the Cornwall Select Board has made with respect to its ARPA funds and the requests that have been made to date for which no decision has been made. The Select Board is seeking input from Cornwall citizens about other ideas for spending the balance of unspent ARPA funds. We are always open to your suggestions, but so that we can speak about it together, the Select Board will be holding a special meeting on January 24, 2023, to hear residents' ideas. The meeting will be hybrid -- in person at the Town Hall and via Zoom (invitation/agenda/links to be posted on the Town web site) and recorded, as is our usual practice. Proposals for town ARPA spending should come to the Select Board with an estimate of costs and timeline for their completion. Suggestions for new infrastructure should also come with an estimate of maintenance costs, and, if relevant, identification of who you propose will do that work. We are required to spend our ARPA funds by fall of 2023. Zoom link for January 24, 2023 Meeting @ 7:00 PM
