

List of Cornwall VT ARPA Funding Requests as of 4/19/2023

The list below sets forth both the commitments that the Cornwall Select Board has made with respect to is ARPA funds and the requests that have been made to date for which no decision has been made. The Select Board is seeking input from Cornwall citizens about other ideas for spending the balance of unspent ARPA funds. We are always open to your suggestions. Proposals for town ARPA spending should come to the Select Board with an estimate of costs and timeline for their completion. Suggestions for new infrastructure should also come with an estimate of maintenance costs, and, if relevant, identification of who you propose will do that work.
